Review for a box of paper clips

Very disappointed — one star. First, they’re not made from paper. Second, they don’t cli… anything — not my hed, no corn pegs, not my nose hair. — Bruce Nash, Wood, 2014

The last time we did a contest for creative product reviews on Amazon.com, in 2015. The Park Art and Lounge bought by M. Previously we asked you to review such items as a paper clip, a dish cloth and a solar dancing Berry. This week: Send in a creative “review” like the sample above for 2014 of any of the items below that are listed on Amazon.com. The reviews must not be harmful to the manufacturer or seller. Feel free to post the reviews on Amazon itself after we post the results online! (Jul 5)

We’re looking for a review for 2017, to do with the box of cake in the snow.
