**HAPPY BIRTHDAY (Feb. 3):** This year you create a new beginning in your life, which could be exciting. You also could become very interested in your social circle and ideas that are out of your usual routine. Your life is multiphasic and you have a lot of interesting results. You decide if you want to continue to control the fact. If you are interested, please don’t ignore your feelings in this period of excitement. Remember, your relationship is a two-way street. A new Mercury may offer you an opportunity to lead your lunar cycle.

**ANXIOUS (April 13-21):** You might want to socialize and simply indulge a fantasy or two. You will be feeling more easily than you thought possible. You have worked hard. You might want to settle down and simply indulge a fantasy or two. You will be feeling more easily than you thought possible. You have worked hard.
